

DAIRY FLAVORS

As a creator of technology-based dairy flavors for the food industry, Gamay Food Ingredients is able to create high quality flavors for process cheeses and sauces; butter or cheese flavors for snack and bakery applications; and premier dairy flavors for customized food applications.

Our solution to your specific flavor needs is sure to be on target with all the right complex dairy notes your company is looking for. Give your product a signature flavor by using our unique and economical flavoring systems.
